The Mail Order Catalogue System on this Coast and have saved buyers thousands of dollars.

WE PAY THE FREIGHT TO YOUR TOWN ON \$5.00 FAMILY MIXED ORDERS

Our success isn't made of orders. It is made up of re-orders. And a good customer wrongly treated, last longer than the shoddy he buys. There is always a "come back" in every sale. Whether it is a "come back" in your product itself, or every sale. Whether it is a "come back" in returned goods depends entirely upon the product itself.

"Value Received" is the best present salesman after the first order.

Every cent saved in shortened value, is lost in shortened trade. To keep up sales we keep up the quality.

We aim first to sell satisfaction, and the goods that give it re-sell themselves.

SMITH'S CASH STORE.

MR. AND MRS. HOUSEHOLDER send us \$10 for one fully Co-operative Share in this rapidly developing business, established in 1879. You will share in the cooperation at its best.

Everybody may, and surely will, share in with us on this basis. We have formerly not sold less than five shares to one person—\$50.00. Now \$10.00 does the work. Today we will sell five shares to the different persons and gain lots of custom by doing so. It's a sound business principle, but it takes broad gauge liberal methods today to win.

You can take as many shares as you like—for investment—not over 100, but you are a co-operator in the fullest sense of the word, whether you invest \$10.00 or \$1000.00. We want your added good will and expect you to find one or more investors besides.

A mail-order house owned by its customers must succeed immensely. Each person who subscribes \$10.00 gets a fully paid up certificate, entitling him to our "owner's co-operative discount" on all his purchases of five per cent. It is paid at the time of purchase of each bill of goods, large or small. You may deduct it in remitting from your order. If your bill is \$20.00, take off five per cent (\$1.00) and send \$19.00.

This offer to come in for \$10.00 as a part owner in this store is good all this month. Write us to reserve your share, if you can't take it this month.

Dividends will be paid on shares, but the five per cent co-operative

discount is the greatest dividend to \$10.00 owners. It isn't much to risk, and there is no risk. This store is fortunate in having a few hundred shareholders already. We refer to all of them. They buy from us 15 per cent of our output. No better business exists than the mail order trade, and our shareholders are fortunate to belong to it.

We employ a great many men, each has his own work to do. The book-keeper records every transaction, and each one has access to the returns who owns a share. The profits are divided share and share alike, equally and justly. We do a legitimate business only. Everything is carried on with system, dispatch and economy.

We pledge ourselves to sell as low as ever, subject only to market values and fluctuations. No one matches our regular cash wholesale rates to families. We give you the same values, weights, and select quality, and five per cent besides, though you are only sending us \$10.00 as an evidence of your belief in us and our co-operative plan. Our business is enormous today. It will double and treble while our co-operative link binds a few more thousands into our buying family. Can you not see the outgrowth of it? Add the power of increased numbers—sure to reap benefits as we grow great. Today we own the best business in San Francisco and the buildings in which it is carried on. You can fully share by sending \$10.00. F.I. coupon below. We take consignments of non-perishable produce on sale now. You can pay in produce as well as in cash. We expect your return order for one share or more.

COUNTY OFFICIAL PAPER.

Saturday, December 15, 1906.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

NOTICE TO ARCHITECTS

Inviting Competitive Plans, Designs and Specifications for proposed New Court House Building at Redwood City.

Office of the Clerk of the Board of Supervisors of the County of San Mateo, State of California, Redwood City, California, December 3, 1906.

The Board of Supervisors of San Mateo County invites certificated architects to submit original designs, plans and specifications, and estimates of cost in competition for a new Courthouse to be located at Redwood City. The lot is 200 feet by 300 feet, forming a full block, and known as the Courthouse Block. The new building will face south on the 200-foot frontage.

There is now in place the foundations, basement walls, and dome, the same having been constructed for the new Courthouse building recently demolished.

The Board leaves to the competing architects as much freedom in design and construction as is possible, making only the following suggestions, subject however, to the use of present foundations, basement walls and dome now in place, so far as the same may be made practicable, in the construction of the proposed new building; the floor beams to be placed in a position not exceeding a six-foot span; there also being now on hand, rescued from the wreck of the former building, a large amount of materials, consisting of stone veneer, wood work, brick, etc.; it being the desire to use as much of said materials as can be made serviceable in the new building; and special attention is hereby called to these matters.

The further suggestion is made that the rear portion of said building shall be made square instead of circular, as formerly, and that portion thereof extended for a distance of 14 feet further back; the building also to be supplied with conduits for gas, electricity, and telephone service (it being the intention to use an intercommunicating telephone system), and to be heated by a hot water system.

The building is to be of steel frame construction two stories high, with basement, and constructed of brick with stone veneer, and built throughout with fire-proof materials, the basement to be the same as the present; the first story to be not less than 14 feet high; the second story to be not less than 15 feet high; foundation walls to be 21 inches thick; first story walls to be 21 inches thick and second story walls 17 inches thick. The building to be used for general county purposes; to contain the usual offices for conducting county official business, including a Board of Supervisors room and a Superior Court room. The cost of the building complete, excepting movable furniture, and not including the foundations, basement walls and dome, to be based on a total valuation of \$125,000.00.

All designs, plans and specifications submitted to be drawn to a scale of one-eighth inch to one foot, and to be made and submitted on tracing cloth 25 by 30 inches in size, also six sets of blue prints of the same, together with type-written estimates of cost, permanently bound at the top and delivered flat. The drawings, plans and specifications must include a basement plan, first and second floor plan, a front and side elevation and cross-sections through the center of the building at right angles to the front and longitudinally; also one perspective elevation of the south and west frontages, together with six unmounted photographs or reproductions of the same to accompany and be bound with each set of blue prints. All designs, plans and specifications will be received and must be presented, and the designs, plans and specifications that may be accepted will be adopted, subject to the following conditions: That the designs, plans and specifications so accepted by said Board, together with the working drawings and specifications which will be made in connection therewith, shall be subject to competitive bids by contractors, and they, said designs, plans and specifications, must be so drawn that the accepted bid upon said designs, plans and specifications will be within the estimate of the architect drawing the same, and not to exceed the sum of \$125,000.00. In the event that the contract shall be let within the estimated sum of the architect whose plans have been so accepted, then and in that event, the successful architect so furnishing the said accepted designs, plans and specifications will be awarded the contract for the furnishing of said designs, plans and specifications and the superintendency of said building to its final completion and acceptance, at a com-

Suit to Recover \$375

Ferdinand A. Levy, Jr., has commenced an action in the superior court against J. Freitas, Mrs. Mary Freitas, Alfred and Joe Freitas, to recover \$375 on a contract. An agreement was entered into between Mr. Levy and defendants whereby the former was given the right for thirty days to sell the Freitas ranch of 20 acres at Halfmoon Bay for \$10,000, and he to be allowed a commission of \$500. Levy alleges that he performed his part of the contract and wants his fee. He received \$125 and sues for the balance to-wit, \$375.

The Edward B. Slater Company will appear at the Alhambra Sunday evening the 23rd instant in the thrilling melodrama, "The Convict's Daughter." The play is highly charged with human interest, and the players are splendidly fitted to make the most of the good opportunities afforded them to create a plot and a plot. Wherever the company has appeared it has received unlimited praise from the press.

MENLO PARK HAPPENINGS

NEWS GATHERED FROM VILLAGE OF BEAUTIFUL HOMES

The bridging of the bay at Dumbarton Point will open the way for important industrial changes affecting the peninsula and the future growth of San Francisco, says the Call. Much of the existing congestion of freight is due to the slow and clumsy barges on which cars are ferried across the bay. These delays will be avoided when the bridge is built and the peninsula is practically a part of the mainland.
The building of this bridge is only one feature of a widely comprehensive plan for the improvement of transportation in the bay region. The bay shore cut-off and double track railroad to San Jose are part of the same great scheme, and incidental to the other plans there is designed an extensive scheme of electric railways which will gridiron the southern part of Alameda county on one side of the bay and San Mateo county on the other. Of course the contemplated bridge at Dumbarton Point can be used for electric transit as well as for a steam railroad.
The movement points to important industrial developments in South San Francisco and San Mateo as well as in the fertile region around Centerville and Newark on the other side of the bay.
The severe wind storm of Monday did considerable damage in this locality. Fences and trees were blown down, a great deal of glass in greenhouses at the Clack and Lynch nurseries was destroyed. A valuable horse belonging to Mrs. McKnight was so injured by a falling tree that the animal had to be killed by Dr. Pomeroy. Ammony hall, around which cluster happy memories and hallowed associations, was blown down. It was built many years ago by public subscription when the town was much in need of a hall. A portion of the money secured was raised by the young men of the village who gave entertainments throughout the county, adding much to the building fund. The town is now without a hall.
An interesting wedding took place at the Catholic church at high noon Sunday when Father Jones united in marriage George Shine of Woodside and Margaret Moriarty of this place. Bert Shine acted as best man while Annie Moriarty attended the bride. After the ceremony the bride and groom were driven to the home at Woodside where the wedding breakfast was served and a reception held. Mr. and Mrs. Shine departed in the afternoon for the South. On their return the young couple will reside at Woodside, where the groom is in the blacksmith business. All wish the bride and groom a happy wedded life.
The Cemetery Association is busy raising subscriptions to carry on its works. The various committees report satisfactory results. A list of subscribers to the fund will be published about the beginning of the year. A few changes in the committees have been made recently. Mrs. Shine of Woodside, having moved to Palo Alto will be succeeded by Mr. Wm. Byrnes and Matthew Hejge of Redwood, owing to the pressure of business, surrenders his place to Mrs. Geary. It was with reluctance that the Association accepted the resignation of Mrs. Shine and Mr. Hejge.
A J. Carleton and A. Pomeroy will arrive at Portola last Monday carrying a young coon. They espied the animal on the topmost branch of a pine tree. A large box was secured from C. R. Covello. Mr. Carleton then climbed the tree while Mr. Pomeroy stood beneath waiting for the victim. When the emb was shaken his coonship dropped into the box below. Before it was subdued the animal badly scratched Mr. Pomeroy's face and hands.

Jasper Paulsen of Palo Alto loaded two cars with horses at Mayfield Saturday. He also loaded two cars at Crow's Landing and two cars at San Jose. The entire shipment will be sent to Los Angeles to be sold. They are mostly work horses, which are in demand in the south. Mr. Paulsen has gone to Los Angeles to conduct the sale.

The Woodruff Construction Company of San Francisco is about to commence the erection of a re-enforced concrete stable for J. B. Coryell, at Pe Oaks. It will be built on the site of the old stable which is being pulled down by Weeden Bros. It is understood that the construction company will also build Mr. Coryell's new residence.

There is a rumor to the effect that the clergy are about to abandon the paragon, and seek quarters in one of the village hotels. The reason for the change is said to be "hard times." The church grounds are spacious. To maintain them under present conditions is found impracticable.

The two large tanks at Holt's School were blown down by the storm last Monday. They withstood the earthquake but succumbed to Monday's gale. The tanks were originally built by the town of Palo Alto, and removed here by Mr. Holt.

The recent rains have caused the mushrooms to spring up in abundance and large parties go out gathering them.

Manuel Oliver was taken severely ill Wednesday. He is now improving.

for the care of Doctor Wilson.
Charles Coley has moved from Cayuse to Palo Alto.
Senator Chas. M. Belshaw paid Menlo Park N. S. Q. W. an official visit Thursday evening. The officers of the park for the ensuing year were installed by District Deputy J. E. Fitzgerald. After the ceremony a banquet was held.

It is rumored that the Southern Pacific Company has made large purchases of land in the vicinity of Ravenswood and adjacent to the point where the Dumbarton bridge is to cross the bay.

The large tanks at the Callaghan residence were blown down Monday by the windstorm. The temporary roof at Stanford University was also blown off causing much loss.

Fritz Zoh captured five desperate characters early Wednesday morning while they were attempting to break into the freight cars. They made an attempt to get away but Zoh covered them with his gun before the culprits made a move.

William Dean of Palo Alto has secured the contract for supplying all of the mill work for the big Merchants' Exchange building in San Francisco. About \$75,000 is involved in the contract.

Marriage Licenses

The following marriage licenses were issued from the County Clerk's office this week:

John Ready and Alice Stengel, both San Mateo.

Robert George Morey of Ukiah, New York, and Ida May Kyle of Oneida, New York.

Ora D. Hocker of San Jose and Clara H. Marshall of Santa Cruz.

Eugene T. Hurd of San Quentin and Esther Kilaly of Oakland.

Edward M. Blomquist and C. Baptist both of Pescadero.

Herman G. Keil of Oakland, and Mary E. O'Halloran of San Francisco.

Andrew C. Smith and Marian G. Cadman, both of Fair Oaks.

Mannuel Silva and Mary P. Perry, both of Halfmoon Bay.

Mannuel H. Gualarte and Maria Mathos, both of Redwood City.

WOODSIDE CHIPS.

John Weeden, known familiarly as John the Butcher, died at the old Shine place last week. The deceased had lived in Woodside for a number of years and made a living in the painting business. Of late years his health failed, and he was compelled to seek the aid of the county. John was an old bachelor and little is known of his family connections.

Henry Hilderbrand and Fritz Clammer had a serious collision on the grade last Sunday evening, with the result that Percy was thrown out and badly bruised. His rig was also badly damaged.

We enjoyed our share of the storm. Of course the wind did a little damage but the rain was just what was wanted.

Perry Sullivan and his friend dropped in to see all his friends the first part of the week. Percy is now located at San Jose, where he has gone into business for himself.

It is understood that a dance will be given in this place a week from tomorrow night. There has not been a dance here for some time, and anything in that line will no doubt draw a crowd.

Joe Silva and family, who for some time have been occupying the Hall place have moved to the Fitzpatrick place in the Canyada.

A large force of men are engaged in painting the residence of A. W. Jackson. The work is being done by city painters.

The Mountain Dell Society of this place will give a dance in Independence hall Saturday evening, Dec. 22. Good music has been secured and an excellent time is assured to all who attend. The supper will be given at Dougherty's Hotel.

TO THE PUBLIC.

Owing to the stringent enforcement of the "Pure Food Laws" we guarantee the candies made by us not to contain Paraffine, burnt amber, talc, terra alba, Banjies chrome Yellow, narcotic drugs, candy hardeners, dryers, bleachers or any other harmful substances.

We adhere strictly to the word "Purity" and only the choicest materials are used in the construction of our goods. Harmless vegetable colors and essential oils for flavoring. We manufacture more varieties of candy than any other house in the interior. A visit and inspection of our candy factory will convince the most skeptical. Nothing more appropriate for a Christmas gift than a box of candy from the "Palm".

Years for pure candy.

The Palm Candy Factory, GALL & COLLIER.

An Election Contest

W. O. Booth has filed a suit in the superior court contesting the election of G. A. Carson, the recently elected justice of the peace of the Second township. Booth was defeated for the office by Carson by twelve votes. In his complaint Booth charges the election officers at all polling places with misconduct. He alleges that all the votes cast for him were not counted. Wednesday, December 19th, is the date set for counting the ballots. Frank Thorpe of this city, J. Early Craig of San Francisco, and Duran Hayne have been retained by Booth to represent him. Ross & Ross will look after the interests of Mr. Carson.

SOUTH SAN FRANCISCO

HAPPENING IN THE WINDY CITY

SOUTH SAN FRANCISCO, Dec. 13.—Bert A. Barret, who shot Lazzario Banturi in a house of ill repute and over to the Superior Court by Judge Cunningham today and his bail raised from \$2000 to \$4000.

The injured man was unable to attend court and give his testimony, but it was Barret's own testimony that caused him to be held. He claimed a right to shoot any man attempting to enter the house, regardless of its reputation.

SOUTH SAN FRANCISCO, Dec. 13.—Robert Edwards, an electrician, fell from a scaffold to the floor, a distance of about six feet, while wiring the new building of the South City Printing Company Thursday and his skull was fractured. He was removed to the hospital. His chances of recovery are reported bad.

The tunnels of the Southern Pacific's bay shore cut-off between San Bruno and the Six Mile House have been completed. They are of a total length of one and nine-tenths miles, thirty feet wide in the clear, arched with brick, with walls and floors of cement, electric lighted and will eventually contain three tracks. At present but two tracks will be laid and the work on these is being rushed.

At Visitation pile foundations for roundhouses and machine shops are being driven. Grade stakes for several miles of side tracks are being set.

The wealthy people about Burlingame and San Mateo are alarmed at the possibility of evil results from the fumes of the big smelter about to be erected at South San Francisco. It is known that the fumes are fatal to vegetation for a distance of fifteen miles. The winds that prevail during the summer at South City would have a tendency to blow the poisonous vapor out on the bay, but there are periods when the winds do not blow in any direction, at which time it is feared the damage will be done. The matter is being seriously considered by the smelter people and other interested parties with the hope that a means may be found to avoid injuring the adjacent country.

Prof. Mitsukuri's Views

President David Starr Jordan is in receipt of a letter from M. Mitsukuri, dean of the college of science of the Imperial University of Japan, in which the foreign educator deals with the present school problem in San Francisco. The letter comments upon the situation in this state at some length. In part the writer says:
"I cannot sufficiently express how I regret the incident in San Francisco by which the amicable relations between America and Japan are disturbed for the first time. I sincerely believe that it would have been possible for San Francisco to get all she wants by peaceful and diplomatic means, and it is very unwise, to say the least, to resort to such drastic measures. But I hope this is a passing crowd, and when it is over the friendship between the two nations will shine brighter than ever."

Strikes It Rich

Many of the older residents of this city will learn with a great deal of pleasure that Frank Torpey, a San Mateo boy is now one of the leading financial men of Manhattan, the bustling mining camp in Nevada.

Torpey, who is not much over 25 was born near the Spring Valley lakes and until a few years ago performed the usual duties on the farm conducted by his father. With nothing but an indomitable will and an abnormal capacity for plenty of hard knocks, less than five years ago he started out for himself, and to the delight of his friends has succeeded wonderfully well. He is now a leading mine-owner and broker of Manhattan and is rapidly accumulating a fortune of magnificent proportions.

He has written to Frank J. Nash, brother of the County Clerk-elect, spurred by the success of his friend, Nash left on Monday for the busy little Nevada town to do in the race for fortune.

While everybody rejoices over Mr. Torpey's great success, they also wish Mr. Nash an equally successful career.

Dr. John Branner Lectures

Dr. John C. Branner, in one of his lectures to the geology students at that there need be no fear of a tidal wave sweeping over the San Francisco peninsula.

"After the fault of April 18th," declared the geologist, "many people in San Francisco and this valley feared a tidal wave. These fears were groundless. The fault had a slipping movement, and there was no wave produced. If there should be a tidal wave, it could never do any damage on this peninsula because of the heights of the mountains between us and the ocean and because of the narrowness of the Golden Gate. The people of Lisbon down to the quays, and a small wave was sufficient to drown them. But it will be fifty years before we have another fault of the severity of that of last April."

To Please the Palate

is our aim in serving meat—to retain the fine flavor Nature bestows, not to let it go to waste, as some meatshops do. With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.
